

## END 22X200 MM

Robust end cap for cable protection that is clamped outside the straight protection, which facilitates installation significantly. All cable protection components are surface treated with Magnelis, a cutting-edge metallic coating suitable for even the most hostile environments, extremely effective in corrosion protection and last but not least – a significantly reduced impact on the environment. In addition to end caps, T-crosses, feet and bends are available that together create a stylish and uniform installation.
