

FLEXIBLE BEND 16 MM

Robust flexible cable protection that can be bent in the length direction up to 180 degrees and enables a uniform installation.

All cable protection components are surface treated with Magnelis, a cutting-edge metallic coating suitable for even the most hostile environments, extremely effective in corrosion protection and last but not least – a significantly reduced impact on the environment. In addition to bends, T-crosses, feet and end caps are available that together create a stylish and uniform installation.
